ASQ TAPPAN ZEE SECTION 309 EDUCATION COURSE

Certified Quality Engineer
Exam Preparation Refresher Course

INSTRUCTOR:

Oswald Willner, ASQ Fellow

Thursdays, March 21 through May 23, 2013
6:15 P.M. to 9:00 P.M.

Location: [Suffern Library Cafeteria](#), 210 Lafayette Avenue Suffern NY

About the Course: The ASQ Tappan Zee Section is offering a 10-week Certified Quality Engineer (CQE) Exam Preparation Refresher at [Suffern Library Cafeteria](#), 210 Lafayette Avenue, Suffern, NY. This course will help prepare experienced Quality Engineers for the ASQ Certified Quality Engineer examination using the Body of Knowledge. It is an extensive 10-week review course that covers all required subjects but will put special emphasis on the most difficult statistical topics. The CQE exam consists of multiple choice questions. Emphasis is placed on Probability and Statistics, so previous education and experience in these two subjects is recommended. Certain experience requirements must be satisfied in order to take the CQE examination. CQE program topics include: Management and Leadership in Quality Engineering, Quality System Development, Implementation and Verification, Planning, Controlling and Assuring Product and Process Quality, Reliability and Risk Management, Problem Solving and Quality Improvement and Quantitative Methods. Please note that successful completion of this course qualifies for 3.0 CEUs. If you require a CEU certificate, please make the instructor aware of this at the first class meeting.

Cost \$550, which includes the Statguide Textbook plus Workbook

Note: At least four (4) students are required for this course to occur. Please preregister by Friday March 15, 2013!

Instructor: Oswald (Ozzie) Willner has worked as Advisory Scientist for Westinghouse Atomic Power Laboratory for over 30 years. He received the Westinghouse Award of Excellence for accomplishments in Process Control and Sampling innovations. Ozzie published the "STAT GUIDE" statistical textbook and accompanying CD series to educate quality professionals and help them pass ASQ certification exams. Ozzie is the author or co-author of ANSI Q3 (Inspection of Isolated Lots), ANSI Z1.1, ANSI Z1.2 and ANSI Z1.3 (Control Charts), ANSI S1 (Skip Lot Inspection), and DOE WAPD-TM 1457(Specified Assurance Sampling).

Ozzie taught Statistics and Quality Assurance courses at American Society for Quality, Allegheny County College, Bettis Reactor Engineering (US Navy), and Westinghouse Quality College. Ozzie was elected as a Fellow by ASQ, and is National Chairman of ASQ Statistical Standards Committee, Member of US Delegation to the International Standards Organization (ISO), and United States Delegate to NATO meeting on Quality Assurance. He holds a BBA in Statistics from CUNY, an MS in Industrial Engineering from Stevens Institute of Technology, and ASQ CQA and CQE certifications.
